WILLIAM FLOYD	Nathaniel Woodhull

### Did you know?

- 85% of today's kindergartners will work in careers or occupations not yet invented
- there are 26 skills essential to a job in the 21<sup>st</sup> century
- the first students to experience Commerce Plaza will graduate High School this year
- over 17,000 Long Island students have learned about occupations and career skills in Commerce Plaza

### Through the generous support of our investment partners

- Children participate in a full day field trip experience to the Commerce Plaza site, which integrates lessons from the classroom with an actual work environment.
- Comprehensive curriculum and training program is provided to your children's classroom teachers prior to student visitation.
- Children operate a model business community introducing them to the corporate world, preparing them to join our future workforce, integrating the NYS Learning Standards with current business practices to teach children about careers, economics, citizenship and general skills needed for the world of work.
- This collaborative partnership between educational institutions and the business community builds a stronger future for the Long Island business community "one child at a time."
- With thanks to Washington Mutual, Long Island McDonalds, Newsday, OSI Pharmaceuticals, Arrow Electronics Inc., and LIPA.
